Charitable donors to the premium mail programs of Trilogy Target Solutions have been combined to create a masterfile which has been enhanced to provide additional selections. This data card summarizes the selections available related to religion, which include: religious affiliation, religious cause supporters, interest in bible/devotional topics, reading of religious materials and even buyers of religious books and music.

Individuals on this Enhanced Masterfile have contributed to at least one premium ask from Trilogy's portfolio of clients including veteran, children's, religious, animal welfare, third world and health appeals. The data has been enhanced with self reported survey information provided by a third party.

These contributors are responsive to religious appeals, catalogs and magazine offers.
